Ocean Environment

Without the ocean's influence all terrestrial life would cease.

Colourful Algae 114
Connectivity 118
Food Web 120
State of the Reefs 122
Coral Bleaching 128
Ecosystem Resilience 132
A Shifted Baseline 136
An Altered Ecosystem 140

Contents

Climate Change

If we continue on our current pathway of carbon emissions we will permanently alter every ecosystem on the planet.

Changing Climate 147
Breaking Points 148
A Safer Target 150
Climate Dynamics 152
Carbon Cycle 154
Greenhouse Gases 156
Origin of Fuels 158
Energy Equation 160
Welcome to the Anthropocene 164
Tracking Change 166
Recent Scientific Findings 170
Political and Economic Response 174
Mitigation 176

Power of Us

We are creating the future right now. We must all play our part and encourage others to do the same.
