

14 MARCH 2024, MORETON BAY, QUEENSLAND

Corals at Your Doorstep

One day CoralWatch Professional Development workshop for teachers includes lecture, practical and snorkel activities.

Did you know that Moreton Bay is home to more than 120 species of coral and is a world-renowned destination for dolphins, sea turtles and dugongs?

Explore a range of tools and extend your knowledge to engage students in citizen science to help protect this precious marine environment – so close to home.

OUTCOMES

- Investigate Moreton Bay corals, their importance and environmental issues such as coral bleaching.
- Utilise CoralWatch tools and curriculum linked materials to bring the reef into your classroom.
- Learn about corals at Tangalooma Wrecks and explore See Moreton's Marine Discovery Experiences.

PROGRAM 8.15 AM - 5PM

Time	Activity
8.15	Arrival and sign-in at See Moreton, 17 Rivergate PI, Murarrie QLD 4172
8.30	Presentation - 'Moreton Bay Corals, Biology and Reef conservation' by Diana Kleine, CoralWatch
9.30	Boat departs to Moreton Island
11.00 - 12.00	Snorkel and explore Tangalooma Wrecks using CoralWatch Coral Health Charts to monitor the corals
12.00	Lunch
13.00 - 14.00	Practical session: Data entry and 'CoralWatch Curriculum linked lesson materials'
14.00	'Dolphins, dugongs and turtles' by See Moreton education officer
15.00	Boat departs Moreton Island, back to marina, expected arrival around 5PM

CoralWatch is a non-profit citizen science organization based at The University of Queensland.

The program integrates global monitoring of coral bleaching with education about coral reef conservation. CoralWatch has produced many curriculum linked education materials including the Moreton Bay - Corals at your Doorstep Education Package. www.coralwatch.org

See Moreton is an award-winning ecotourism operator that has been taking guests beyond the shoreline to explore the pristine waters of Moreton Bay Marine Park for over ten years. Our Marine Discovery Experiences are linked to the Australian Curriculum and delivered by Education Officers with backgrounds in marine sciences, meaning the programs we deliver are backed with expert knowledge. www.seemoreton.com.au
