

16-19 January 2027 SE-QLD 4th CoralWatch YOUTH Ambassador Workshop

Come Join our CoralWatch Youth Ambassador program and help protect the Great Barrier Reef

We are thrilled to invite you and your parent/guardian to our exciting new youth workshop to become a youth ambassador. Join us for an unforgettable experience as we jump into the fascinating and secretive world of corals, learn about their fragility, and discover how we can inspire others to make a difference for the future of reefs.

Supported by

Workshop Highlights

Engaging activities

Hands-on activities including games, VR, coral monitoring, art activities, reducing carbon footprint, roleplay and more. We'll make sure you have a blast while learning about coral conservation.

Expert speakers

Get inspired by stories of other CoralWatch Youth Ambassadors, and the CoralWatch team who will share their knowledge.

Connect with like-minded people

Meet other people who share your passion for the ocean and build lifelong friendships. Stay connected after the workshop, by organising events together in your local area.

Dive into the blue

Enjoy the daytrip to Tangalooma (Moreton Island) for a snorkel and collect CoralWatch data. Learn about citizen science and the importance of monitoring coral reefs.

Learn lots about coral reefs

Learn why corals reefs are so important, and their role in marine ecosystems and how they are affected by climate change.

Live more sustainably

Discover all the things you can do to reduce your carbon footprint, and how you can inspire others to take climate action to help save the reef.

in it for
ME**

Practical Info

This workshop is open to all young coral crusaders aged 8 to 14 years, together with their parent/guardian, living in the Greater Brisbane Region (+/- 150 km radius from Brisbane City).

Eligibility

- Child and parent/guardian are both confident swimmers/snorkelers (200 meter without support).
- Child and parent/guardian are both available to attend the full 4-day intensive workshop from 16-19 January 2027 at The University of Queensland Campus in Brisbane.
- Child and parent/guardian are both available in a volunteer capacity in 2027.

What's expected

- Your commitment for 2027 to help save reefs
- Organise activities as a CoralWatch Ambassador team in your community
- Inspire friends to get involved in the CoralWatch 'What Can I Do?' program and help save reefs from home
- Share your activities with CoralWatch on a regular basis

What's included

- CoralWatch will deliver a 4-day workshop (9AM-5PM)
- Exciting daytrip to Tangalooma (Moreton Island) exploring the reef and collecting CoralWatch data.
- CoralWatch provides workshop materials, Ambassador t-shirt, professional expertise, a certificate upon completion and onward support to assist with your Ambassador activities.
- CoralWatch provides daily lunch.

What's not included

- Participants pay a workshop contribution fee of \$300 AUD per parent/child team
- Participants arrange their own transport to various locations during the workshop.
- Participants arrange their own breakfast, dinner and accommodation (if outside the area).

How to apply

- Applications are open from 1 - 30 November.
- Your child's participation in this workshop is conditional on parent/guardian's participation, it's teamwork!
- Complete the application form, available on CoralWatch website, social media and info@coralwatch.org
- Up to 10 adult/child teams will be selected and notified by 9 December the latest.

Any QUESTIONS contact the CoralWatch team at info@coralwatch.org

Register for our zoom session on Tuesday 17 November 6-7 PM by email info@coralwatch.org

This workshop is organised by CoralWatch at The University of Queensland. The workshop is supported by:
